III. LIST OF COURSES

See I. above.

IV. COST IMPLICATIONS

None. The course has been, is, and will be taught by an existing faculty member.

V. RATIONALE

Because our society is aging, one the largest growth area for jobs will be in servicing the needs of the Baby Boomers. The demand for financial planning and planners has experienced phenomenal growth over the past few years, and is expected to continue to grow. This change will allow our students who are going into this growth area to get credit towards their degree for taking this course.

VI. CATALOG DESCRIPTION

No Change from the current course description, expect for the addition of 240-739 to the above listed four courses in section
