subject: Technology and Training Emphasis Within the MBA

date: October 10, 1996

Based upon Kay Schallenkamp's October 9 communication to Dave Ward regarding the new emphasis, Technology and Training, within the graduate Business Administration major, I have established a code for this emphasis. This new code, which can be utilized immediately, is 7733-TT.

Since I did not receive confirmation of the new emphasis until after the Spring 1996-97 Timetable was published, it will not appear in that publication as an emphasis within the Business Administration major. However, it can be placed on the applications and student admissions to this emphasis can commence immediately.

Contact me if you have any questions regarding this matter.
