ATTACH THE FOLLOWING:

- I. DETAILED EXPLANATION OF CHANGES
- II. PROGRAMS AFFECTED
- III. JUSTIFICATION FOR ACTION

I. DETAILED EXPLANATION OF CHANGE

This is a name, credit, and number designation change. The number is changing from 840-795A to 840-795. The credit amount is changing from 3 credits to "3 credits, repeatable to 12 credits." The Roman numeral I is dropped to reflect this change.

II. PROGRAMS AFFECTED

There are no other programs affected by this change.

III. JUSTIFICATION FOR ACTION

The School Psychology Program is proposing this action to provide advisors and students with increased flexibility in meeting student training needs. The accrediting body of the School Psychology Program, the National Association of School Psychologists/N.C.A.T.E., requires that all school psychology students complete 1200 field hours of internship. The hours and content are a constant in the School Psychology Program which will remain unchanged.

The current proposed change will allow students to enroll in and complete the internship over a two semester basis as a full-time intern or over a four semester basis as a half-time intern. No credit differential is necessary because university faculty responsibilities remain unchanged over half- or full-time internship. There is currently a confusing, cumbersome, and arbitrary dual designation of an "A" portion and a "B" portion which limits the semester when a student might enter the internship.

This proposal will make the above name/number/credit changes to 840-795A and replace it with a single, more flexible, repeatable course numbered 840-795. The Department of Psychology will delete 840-795B from its offering. The course content and staffing remain unchanged.
