ATTACH THE FOLLOWING:

- I. DETAILED EXPLANATION OF CHANGES
- II. PROGRAMS AFFECTED
- III. JUSTIFICATION FOR ACTION

I. DETAILED EXPLANATION OF CHANGES

The course 840-795B Internship in School Psychology II is deleted in favor of a single course, 840-795 Internship in School Psychology, repeatable for variable credit.

II. PROGRAMS AFFECTED

No other programs are affected by this change.

III. JUSTIFICATION FOR THIS ACTION

The School Psychology Program is proposing this action to provide advisors and students with increased flexibility in meeting student training needs. The accrediting body of the School Psychology Program, the National Association of School Psychologists/N.C.A.T.E., requires that all school psychology students complete 1200 field hours of internship. The hours and content are a constant in the School Psychology Program which will remain unchanged.

The current proposed change will allow students to enroll in and complete the internship over a two semester basis as a full-time intern or over a four semester basis as a half-time intern. No credit differential is necessary because university faculty responsibilities remain unchanged over half- or full-time internship. There is currently a confusing, cumbersome, and arbitrary dual designation of an "A" portion and a "B" portion which limits the semester when a student might enter the internship.

This proposal will delete 840-795B and replace it with a single, more flexible, repeatable course numbered 840-795 with other, concurrent action. The course content and staffing remain unchanged.
