Department(s): Communicative Disorders

College(s): Education

Other Programs Affected: None

Check if course is required in: Major/Emphasis (specify): _____

Minor/Emphasis (specify): _____

Other (specify): _____

I From: The UW-Program in Communicative Disorders and the medical/rehabilitation externship program have an affiliation agreement for the purpose of providing graduate students supervised practical experience in the diagnosis and treatment of communicative disorders in the hospital/rehabilitation setting.

To: Two offerings of field experience are provided. Students must gain supervised clinical experience across the life span working with various populations of communicatively impaired individuals. One offers experience in hospital/rehabilitation settings the other is a directed teaching experience. Prereq: **Enrollment in these sections requires departmental approval.**

II.

The American Speech-Language Hearing Association requires that students obtain 375 practica hours, across a minimum of three distinct settings and across the lifespan. These changes more accurately reflect practica preparation requirements and the increasing demands in preparing students to work in a multifaceted profession.
