1. Exact description of request:

Summary

From (as listed in catalog and on AR)

To (to be listed in catalog and on AR)

2. Relationship to mission and strategic plan of institution, and/or college and department goals and objectives:

3. Rationale:

While enrollments in this program have been as high as 17, in the past few years enrollment has ranged from 9 – 14. Several courses that students could take as electives have been eliminated due to changes in other programs, leaving only 1 course to select from the elective area. Faculty in the ITBE department prefer to focus their efforts on the IT Management emphasis which has seen strong growth over the past 5 semesters, growing from 13 students to 38 students.

4. Cost Implications:

By eliminating this emphasis, we will not incur costs associated with offering enough sections for the growing IT Management emphasis.
